

WORKSHEET 1

LESSON ONE - WHAT'S YOUR DECISION?

1. Write down your estimate of the time an umpire has for making a decision in a close run-out situation.

2. Just by looking at the photograph, make a decision whether you think the batsman is IN or OUT.

Give a reason for your choice.

3. What EXTRA INFORMATION do you need to know to be able to decide whether the batsman was IN or OUT? Write a list.

4. Consider your list of extra information. Which of these factors represent quantities that can change or vary?

5. Quantities that can change or vary are called "variables". Which of the variables in your list can be measured?
